Told her I'm breaking your heart, shit not easy lil' bitch you making it har

I'm touching the stars... ha
I'm touching the stars, I'm touching the stars
I'm going to mars
Back in the day I was puffin them bars
Look at my niggas they clutching the nine
Fuck this shit feel like it not working
Take me a perc when I'm diggin' my mind
I would never switch up on my gang
And the dreads on my head like to hang
And I pour this shit up on the gang
Get blowed down nigga keep playing
I'm in the Porsche and I'm doing 120
Get to the money nigga don't talk to me
I know a whole lotta niggas that's gunning
Whole lotta niggas that really don't want it
Chop pop out and y'all niggas think he on it
Only thing I'm worried bout is my money
If you talk shit then my killa's is on it
Stay with my niggas my bruddas like Jonas
