

One Time

SSGKobe

Every time you go 'round my head
Losin' sleep, I can't go to bed
I know it's a lot of things, all I do is pray, all I do is pray
I hope that'd be okay, I just need to change, I just need to change

Beautiful messes
They tellin' me to breathe, hang in
Smokin' on marijuana, trees
We stuff it up with the grab' leaf
Won't tell you again, won't tell you again
It's more than just friends, it's more than just love
It's deeper than drugs, it's deeper than drugs
Got deeper than us

Every time you go 'round my head
Losin' sleep, I can't go to bed
I know it's a lot of things, all I do is pray, all I do is pray
I hope that'd be okay, I just need to change, I just need to change
