SSGKobe

Is it over now?  
Is it over now?  
Is it over now?  
Is it over ohh?  
Uhh  
I love you  
I love you  
I lovee

Baby do it this way  
You can have it your way  
Side by side  
Got your back I do bae  
I got so many mood swings  
Pour it duece  
Take a perc don't feel the same  
Baby, baby (Baby)  
Made me crazy (Made me crazy)  
The hate don't phase me (Heyaa)  
It's raining (Raining, raining, raining)  
Rain and shine I need you right here (Right here)  
Done hiding I'mma face my fears (My fears)  
Done lying bae, save your tears  
Save your tears  
Save your tears (Save your tears)

I'm just drowning in these memories I can't control  
Its been pouring down rain falling on my soul  
And I don't wanna be the only one getting old  
With nothing to show (oooh)  
We won't be the same forever, forever  
And lately I've been under the weather  
But this rain won't last forever, I'll get better  
No more sweaters  
No more coldness and open letters  
We'll float like feathers  
In the wind  
Again and again  
I'll pull it together  
In the end  
That's what I intend

I've been watching time (That's what I intend)  
Think that I realized (That's what I intend)  
Think that I realized uhhh (That's what I intend)

Baby do it this way  
You can have it your way  
Side by side  
Got your back I do bae  
I got so many mood swings  
Pour it duece  
Take a perc don't feel the same (Don't feel the same)  
Baby, baby (Heyaa)  
Made me crazy (Crazy)  
The hate don't phase me (Heyaa)  
It's raining

Raining, raining, raining...
