

See Your Soul

SSGKobe

Yeah

Ahh

Ahh

It's been a long road, it's been a long journey
Fuck all the opps, I get to the cheddar, the cake, the money and Marni
Pushin' the Benz this bitch way too fast, I can't even steer this hoe
I don't wanna sin, but this bitch made me mad, I don't wanna fuck up myself
I look out my window, I'm lookin' in hell
Everyone burnin', they lookin' for self
Look in the mirror, I can't see myself
Speak to my demon, bitch, I need some help
I'm rockin' Neiman's when I'm steppin' out
Bitches start cryin', when I'm in the crowd
Free fall, save your soul, save your soul

I don't talk to that hoe, that bitch too basic
Pushin' the hellcat in fieldtrip, A6
You cannot touch this spliff I'm facin'
H-Had to realize all these niggas hatin'
Had to realize all these niggas changin'
So many times I've been stabbed, it's painless
Look in my kitchen the tabs is stainless
Look out the window, I'm sad, it's painless
Sometimes I wish that I don't be famous
Sometimes I wish that I don't be famous

It's been a long road, it's been a long journey
Fuck all the opps, I get to the cheddar, the cake, the money and Marni
Pushin' the Benz this bitch way too fast, I can't even steer this hoe
I don't wanna sin, but this bitch made me mad, I don't wanna fuck up myself
I look out my window, I'm lookin' in hell
Everyone burnin', they lookin' for self
Look in the mirror, I can't see myself
Speak to my demon, bitch, I need some help
I'm rockin' Neiman's when I'm steppin' out
Bitches start cryin', when I'm in the crowd
Free fall, save your soul, save your soul
