

Set It Off

SSGKobe

He tryna ride the wave
But he know his lil' ass can't swim
Chanel No. 9 and I got on the Timbs
A nigga talk down and it's finna get grim
My bullets, his chest
His heart, it failed
Walk in the party, I got the steel
These niggas cap, they cap for real
Big Birkin bag, spent me a mil
Off of the Xan, it make me feel queesy
The beat from Mingo, it sound like its Wheezy
Hit em' in his chest, now his ass wheezing
I was at the bottom, in the dirt, like Bikini
I'm a lil' king, Lil Nas, no Panini
Had his life in my hand, had his lil' ass pleading
Gave his lil' ass a Perc 30 now his ass fainting
Boy you say you got them bands
Stop that cappin', boy you teeny
When it's cold outside, I got that heater on me
She said she need a homie
Ay baby, my name Kobe, Kobe

Got this 241 Glock like I'm Kobe
Shootin' a 3 like Ginóbili
I run in his crib and I'm gunnin' him down
They mommas keep cryin', but we don't make sounds
We slide to his block and this nigga not 'round
He heard I was comin', now he outta' town
I post with his bitch on the Gram, ain't no cap
He talkin' too tough, get his toupée clapped
She wanna' come fuck, 'cause she know I'm that nigga
Just check on my bank, 'cause I think my bands bigger
I'm dressed in some stripes, lookin' like a lil' tigger
My Forces be clean and my diamonds, like glitter
I play on the Playstation, connectin' yo' bitch
If I call up my shooters, lil' nigga you hit
Leave his head like a acrobat, get his shit split
Wanna' fuck with a youngin 'cause Jay be too lit
I could go hit the mall and start splurgin', lil bitch
I just opened the door, let it off in that bitch
Feel like Boosie, 'cause I set it off that bitch
Yeah, I set it off in that bitch, yeah
