SSGKobe

What?

I feel so alive

I could tell you not ready

Niggas, they be switchin' up, you gotta look both ways (Both ways)

If I pull up, don't be surprised

You finna see all these demons I hide

Run on your block, then we squeezin' the fye

Literally squeezin' the fye

I'm literally squeezin' the fye

I'm smokin' on dope every time

I feel so alive (Hey, hey)

Why do I feel so alive? (Hey, hey)

I feel so alive right now

Fuck it, I'm feelin' a vibe right now

Blow her back in my jet, give 'em high right now

Pullin' up on your bitch on the side right now

Goyard bag, and it's keepin' a- (Shh, yeah)

[?] when it ain't about money

Hoppin' for status, they feel like a bunny

Niggas, they going out bad, niggas funny

'Member that last time he thought it was funny

Now I's be gettin' to all of the hundreds

Goin' out sad, who, me? I ain't suffer

Ain't got a stick, who, me? I ain't bluffin'

Lookin' too hard, then you might see somethin'

[?], I might jump in the air

I can't do nothin' 'bout bitches, they [?]

I know life hard, but it don't get fair

If somethin' wrong, then I'll be right there (Yeah)

I could tell you not ready

Niggas, they be switchin' up, you gotta look both ways (Both ways)

If I pull up, don't be surprised

You finna see all these demons I hide

Run on your block, then we squeezin' the fye

I'm literally squeezin' the fye
