

THROUGH MY MIND

SSGKobe

Yeah, uh

Evil thoughts run through my mind
Evil thots ruin my life (Yeah)
Think that I'm in love with sin, somethings I can't sacrifice (Hey)
I'm just tryna do better, tryna keep it together
Trying hard not to let up, ah-ah
You be always tryna fight it out (Yeah)
Always tryna find another route (Yeah)
You be always tryna leave me out (Yeah)
I'm just really tryna figure out

Why it takes two, oh-oh
Why it takes two, oh
Why it takes two, oh-oh
Why it takes two of us

Why it take two of us?
Fucking up once again and I'm always screwing up
I don't think about my actions
I just turn them into past tense
I don't know what I'm doing, but this shit feel like a movie
(Pose) Baby, I want you to pose
And strip from your head to your toes
I'm fighting these demons, I'm fighting these demons and nobody ever knows
I cry every season and cheers on the weekend, I damn near sold my soul
'Cause everything feels better in Hollywood
Doing things I never thought I would

Everything feels better in Hollywood
Everything feels better in Hollywood
