

Another Lifetime

St. Lucia

And if you feel it you'll be fine
Nobody's happy every time
The feel, the rhythm
Do you feel the rhythm?

But in the moment you're alive
And for the first time in your life
You feel the rhythm
You feel the freedom

You make me feel
Like going back in time
Ascending to the light
Oh darling pay no mind to the rhythm

You make me feel
Like this could be the first time
Standing in the sunshine
In another lifetime
Darling you'd be mine

And then now just like before
We're gonna open up the door
Into the riddle
Into the riddle

Ah, baby it's alright
It happens every time
You feel the rhythm
You feel the freedom

'Cause you make me feel
Like going back in time
Ascending to the light
Oh darling pay no mind
'Cause you've been on my mind

Oh you make me feel
Like this could be the first time
For another lifeline
In another lifetime, darling, you'd be mine

Don't leave me hanging this way
Don't leave me hanging this way
Baby, baby, don't leave me hanging this way
Don't leave me hanging this way

You make me feel
Like going back in time
Ascending to the light
Oh darling pay no mind
'Cause you've been on my mind

Oh you make me feel
Like this could be the first time
Standing in the sunshine
In another lifetime, darling, you'd be mine
