I hit the bottom (hit the changes) Went too far (went behind)
For my little (for my little)
Broken heart (too below)

Now I wonder (now I am there)
Who I was (out control)
In those days (in the feeling)
For my loss (when you found)

Hit the bottom
Went too far
For my little
Broken heart
Now I wonder
Who I was
In those days (just for laughs)
For my loss
