

Love You Better

St. Lucia

Well, you had my heart
And you had my mind
But I lost myself down across the borderline
And it's not to say
That I didn't feel that way
But the silence made me take the undecided way

But then you brought me back
And you made me laugh
And the memory becomes the same
And I was holding back
But you forced my hand
Now I'm waiting just to hear you say

In bad weather gonna love you better
In December when you can't leave me alone
And it's my pleasure just to love you better
I'm untethered 'til you can't leave me alone, me alone, me alone

Well, you had my heart
And you had my mind
But I lost myself down across the borderline
And it's not to say
That I didn't feel that way
But the silence made me take the undecided way

But then you brought me back
And you made me laugh
And the memory becomes the same

In bad weather gonna love you better
In December when you can't leave me alone
And it's my pleasure just to love you better
I'm untethered 'til you can't leave me alone

In bad weather gonna love you better
In December when you can't leave me alone
And it's my pleasure just to love you better
I'm untethered 'til you can't leave me alone, me alone, me alone

In bad weather gonna love you better
In December when you can't leave me alone
And it's my pleasure just to love you better
I'm untethered 'til you can't leave me alone

In bad weather gonna love you better
In December when you can't leave me alone
And it's my pleasure just to love you better
I'm untethered 'til you can't leave me alone, me alone, me alone

Me alone, me alone
Me alone, me alone

Me alone, me alone

Love you better, in bad weather
