I can't believe what I saw yesterday Too many people try to walk away Well I believe that you may disagree That there's a reason right in front of me

When are you gonna start
Makin' up your heart
It is never too late for love to come back
I don't know where to go
I don't know who to show
There's nothing left but to wait for love

I will wait for love
In the morning dew
I will wait for love
When you ask me to
When the morning comes
I will wait for you
And in the afternoon
I will call on you

I can't believe what I saw yesterday Too many people try to walk away I believe that you may disagree That there's a reason right in front of me
