St. Paul & The Broken Bones

I told her
No no no no, you are too young
Her heart said, yeah yeah yeah
Baby, I'm so strong

Sometimes I feel that love you got
I know it ain't right

His heart went, yeah...
I don't have it wrong
His mind went, ooh...
I like it baby, just like that

Sometimes I feel that, that love you got
We know it ain't right
But when you love each other the way we do
You get passed over, you passed over, babe

Their hearts said, yeah, yeah, yeah, yeah
We got it oh so bad
Their minds went, ooh ooh ooh
Baby, we got a sweet sweet plan

I know we gonna make it, child
I know we gonna make it, baby
I know

I said I know we gonna, we gonna make, babe
I know I know I know I know I know

I know we gonna make it, baby
I know I know I know I know
