

## Flow with It (You Got Me Feeling Like)

St. Paul & The Broken Bones

Is it the way that I move with you  
Is it the way that my body groove nah  
Can we persuade our hips to move  
All of the time inside our room

You've got me feeling like  
I can't hold you  
We ain't gotta fight  
Let's flow with it  
This feeling I have inside

Is it my lips that long for you  
Is it the heart that's breaking through  
Can we use all this love we ooze  
Let's try, but we always confuse it

You've got me feeling like  
I can't hold you  
We ain't gotta fight  
Let's flow with it  
This feeling I have inside

I've got a feeling

You've got me feeling like  
I can't hold you  
We ain't gotta fight  
Let's flow with it  
This feeling I have inside

You've got me feeling like  
You've got me feeling, you've got me feeling  
Like I can't hold you, I can't hold you  
I can't hold you, baby  
We ain't gonna fight it, ain't gonna fight it anymore  
Just flow with it
