

Minotaur

St. Paul & The Broken Bones

Innocence is lost by violent decay
Stuck inside the maze all the mundane
Minotaur baby, smell him in the room
Minotaur baby, carrying my youth

I know I am going down with you
Am I going down with you?

Oh my, did you see it move?
Oh my, did you lose your cool?
Oh my, did you see it move?
Oh my, did you lose your cool?

Blood is splattered on the back of the door
Wish you never found me kissing the floor
Minotaur baby, destruction in its wake
Minotaur baby, I don't want to stay

I know I am going down with you
Am I going down with you?
I know I am going down with you
Am I going down with you?

Oh my, did you see it move?
Oh my, did you lose your cool?
Oh my, did you see it move?
Oh my, did you lose your cool?

I can't believe that it's inside me
I can't believe that it's inside me
I can't believe that it's inside me
I can't believe

Oh my, did you see it move?
Oh my, did you lose your cool?
Oh my, did you see it move?
Oh my, did you lose your cool?
Oh my, did you see it move?
Oh my, did you lose your cool?
