

Sanctify

St. Paul & The Broken Bones

What good is a bullet with no gun?
What good is a flower without no sun?
Oh, but I wanna feel something real

What good is a light with no dark?
What good is a king without a cross?
Oh, but I wanna feel something real

Is that river wide, is that river deep?
Let me sanctify, let me sanctify you, baby

Is there a right when all is wrong?
Is there a partner when left all alone?
Oh, but I wanna feel something real

Is that river wide, is that river deep?
Let me sanctify, let me sanctify you, baby

Oh, let me sanctify
Oh, I wanna, I wanna sanctify

Is that river wide, is that river deep?
Let me sanctify, let me sanctify you, baby
Is that river wide, is that river deep?
Let me sanctify, let me sanctify you, baby
Is that river deep, is it deep, oh, is it deep?
