

# Big Time Nothing

St. Vincent

Don't blink, don't wait, don't walk, you're late  
Don't fall from grace, behave  
Don't trip, sashay  
Okay, sashay

Don't kid, don't blame, don't snap, insane  
Don't crack, don't act your age  
Don't change your name  
It's all the rage

Do ask, but don't tell, don't laugh, but do smile  
Don't have a glass, don't stay a while  
Don't take a pic  
Don't feel so sick

Big time nothing

I look inside, I look inside, I look inside  
Nothing  
I look inside, I look inside, I look inside  
Your eyes

One, two, one, two

Don't show, don't flake, go hard, debase  
Don't make a dishonest mistake  
Don't be so sure  
I need a cure  
One more score  
Bang, bang, bang

Big time nothing  
Just like a  
Big time nothing  
I, I, I

I look inside, I look inside, I look inside  
Nothing  
I look inside, I look inside, I look inside  
Your  
I look inside, I look inside, I look inside  
Nothing  
I look inside, I look inside, I look inside  
Your eyes

Big time nothing  
Big time nothing  
Big time nothing  
Big time nothing  
Big time nothing  
Big time nothing  
Big time nothing  
Big time
