

# Sugarboy

## St. Vincent

Oh, yeah, oh, yeah  
Oh, yeah, oh, yeah  
Boys  
Oh, yeah, oh, yeah  
Oh, yeah, oh, yeah  
Girls

Sugarboy, I'm in need  
How I wish for something sweet  
Sugarboy, I am weak  
Got a crush on tragedy

Oh, here I go  
A casualty hangin' on from the balcony  
Oh, here I go  
Makin' a scene  
Oh, here I am  
Your pain machine

I am a lot like you (boys)  
I am alone like you (girls)  
I am a lot like you (boys)  
I am alone like you (girls)  
I am a lot like you (boys)  
I am alone like you (girls)  
I am a lot like you (boys)  
I am alone like you (girls)

Sugargirl, fear me  
Pledge all your allegiance to me  
Sugargirl, dissolve in me  
While you die from kicked-in teeth

Oh, here I go  
A casualty hangin' on from the balcony  
Oh, here I go  
Makin' a scene  
Oh, here I am  
Your pain machine

I am a lot like you (boys)  
I am alone like you (girls)  
I am a lot like you (boys)  
I am alone like you (girls)  
I am a lot like you (boys)  
I am alone like you (girls)  
I am a lot like you (boys)  
I am alone like you (girls)
