Behind closed doors your words ring hollow What you said they'd be One behavior Who are you? But I like it Now I'm done with nothing new Sometimes green and sometimes blue And I'm guilty And I'm guilty And I'm guilty And I'm guilty And you're guilty too Hey, hey, hey, I'm guilty And you're guilty too Hey, hey, hey, hey I'll tell you something, something new You're hearing nothing, nothing true You're killing me, I'm killing you And I'm guilty too. One, two, three I found you out So easily One, two, three I found in you What I found in me The time is wrong, the time is right Be careful who you kill tonight And I'm melting in you Hey, hey, hey, I'm guilty And you're quilty too One and one makes three One and one, why don't you see? I'm killing you you're killing me Can't you set me free? Inside out I can't describe it What you do to me Inside out I cannot hide it Looking right through me Now I've reached the living end Pointing fingers to defend And I'm guilty And I'm guilty And I'm guilty And I'm guilty

And you're guilty too

Hey, hey, hey, I'm guilty
And you're guilty too
Hey, hey, hey, hey
I'll tell you something, something new
You're hearing nothing, nothing true
You're killing me, I'm killing you
And I'm guilty too.
