

## Coffee Spills

Stabilo

Spin round the steering wheel the  
Coffee spills but you can't feel  
The dam behind your eyes  
Turn off the radio, the news is fake  
But you can't tell who's  
Making up the lies  
Waking up to find...  
Waking up to find...  
You don't love life

Mary-anne you're late  
I've been waiting for you for three days  
I'm beginning to be afraid  
I've been looking out the window

Your smoked cigarette is your slow suicide  
And you only speak to pass the time  
But time's been passing you  
The days feel like they're getting shorter  
The nights are definitely getting colder  
I don't know what you're going to do  
Waking up to find...  
Waking up to find...you don't love life

Mary-anne you're late  
I've been waiting for you for three days  
I'm beginning to be afraid  
I've been looking out the window

And I don't know how this happened  
I remember laughing  
At the zombies who had no fun  
Now you've turned into one  
I don't know if it matters  
That we're hanging from the rafters

Mary-anne you're late  
I've been waiting for you for three days  
I'm beginning to be afraid  
I've been looking out the window

I asked you what do you think you'll find?  
You said nothing but you didn't mind  
It's all just smoke and mirrors  
I asked you where do you think you'll go?  
You said Nowhere but at least I know  
I'm having trouble holding back the years.
