

# Music out of Bounds

Stacey Q

Everyone is asking me  
What does it mean to me?  
I ain't gonna lie to you  
We'll make good sound and party, too

Music out of bounds  
Dance, be crazy all around  
Music out of bounds  
Dance, be crazy

It's dance, be crazy, it's all around  
The music takes you out of bounds  
It's dance, be crazy, it's all around  
The music takes you out of bounds

Doing what you wanna do  
Dance all night, it's good for you  
We don't care what else you've done  
Come in here and have some fun

Music out of bounds  
Dance, be crazy all around  
Music out of bounds  
Dance, be crazy

Okay, are you ready for this?  
Now, everyone keeps asking me  
Just what these boxes mean to me  
Well, I ain't gonna lie to you  
We'll make the sound you party to  
We're doing what we wanna do  
'Cause dance all night is good for you  
So, we don't care what else you've done  
Just come in here, have some fun  
Tear the roof off, burn it down  
Hit the dance floor, do the town  
Well, in the park and then out of bounds  
It's dance, be crazy all around

It's dance, be crazy, it's all around  
The music takes you out of bounds  
It's dance, be crazy, it's all around  
The music takes you out of bounds

Music out of bounds  
Dance, be crazy all around  
Music out of bounds  
Dance, be crazy  
Party out of bounds  
Dance, be crazy all around
