

Pandora's Box

Stacey Q

Pandora's box
Pandora's box
Pandora's box
Pandora's box

Once upon a time in a far away land
There was a queen who ruled with an angelic hand
A time for heroes [?]
All of the victims of desire [?]

You gotta face your fate, open the lock
Destiny's got Pandora's box
You gotta face your fate, open the lock
Destiny's got Pandora's box

Do you wanna know what's deep inside?
My hidden secrets I can no longer hide
Like a masquerade, let's come undone
Too many hearts are bleeding, beating as one

You gotta face your fate, open the lock
Destiny's got Pandora's box
You gotta face your fate, open the lock
Destiny's got Pandora's box

Don't you wanna know? Don't you wanna know?
(All of the victims of desire)
Don't you wanna know? Don't you wanna know?
(All of the victims)
Pandora's box, Pandora's box, Pandora's box
Like a daisy chained up in a lion's den
Chip the light euphoric, that's where I am
Below the surface, voices in my head
The love under, fields are dead

You gotta face your fate, open the lock
Destiny's got Pandora's box
You gotta face your fate, open the lock
Destiny's got Pandora's box
