

Too Hot For Love

Stacey Q

(Out the door)

Do you like my behind?
Do you like my behind?
Go to hell
I met a boy
An American

(Out the door)

Are you a believer in miracles of pleasure
Things that you have only been dreaming of
A different kind of fire
Burning hot desire
Nothing like what you call love

I carry a torch
That burns with desire
I can take you higher than the heaven's above
Are you ready for some action
Flaming satisfaction
Sorry, boy, but I'm not really in it for love

(I'm hot for you)
Too hot for love
(I'm hot for you)
Too hot for love
(I'm hot for you)
Too hot for love
(I'm hot for you)
Too hot for love

What do you mean you can't take it anymore?
What do you mean you can't take it anymore?

(Out the door)

I was thrilling you so much
With my kamikaze touch
Blazing til you're melting all over me
Wide open to your passion
In non-controlled fashion
Every girl in your fantasy

I carry a torch
It burns with desire
I can take you higher than the heaven's above
I never want to stop
I like climbing on top
Every girl you want me to be

(I'm hot for you)
Too hot for love
(I'm hot for you)
Too hot for love
(I'm hot for you)
Too hot for love

(I'm hot for you)
Too hot for love

Go to hell
Go to hell

Are you a believer in miracles of pleasure
Things that you have only been dreaming of
A different kind of fire
Burning hot desire
Nothing like what you call love

I carry a torch
That burns with desire
I can take you higher than the heaven's above
Are you ready for some action
Flaming satisfaction
Sorry, boy, but I'm not really in it for love

(I'm hot for you)
Too hot for love
(I'm hot for you)
Too hot for love
(I'm hot for you)
Too hot for love
(I'm hot for you)
Too hot for love

I'm leaving you, you fool
I met a boy
An American
An American
An American

What do you mean you can't take it anymore?
