

# Too Late to Turn Back

Stack Bundles

Pack all your troubles  
And bring them along  
Cause where we are going  
Ain't no right or no wrong  
We burnt our bridges  
With nothing to gain  
We buried the hatchet  
And dug it up again  
  
It's too late  
To turn back now  
It's too late  
To turn back  
So take my hand dear  
And put your trust in me  
You be my prisoner  
And i'll set you free  
Don't go bother lookin' for signs  
Cause al your roads lead to me  
  
It's too late  
To turn back now  
It's too late  
To turn back
