(Oh no he didn't)

Yes I did

I only did to make ya'll siiiiick

Everybody got somethin to prove, will so do I

Run up on a nigga and sing em that lullaby

Like Keisha from New Jack

Push a nigga roof back

And leave gun powder on where his roots at

Thoughts on his nu-growth

I ain't the studio with Joe and we workin on "The Growth"

Then I'm in the kitchen mixin workin on the growth

No Ice, I'm tryna show you the growth

Pay attention

? Pay enough and can't touch you niggas to pay attention?

I get it, niggas to broke to pay attention

Where here's a lil change

Next time I put this here piece in ya mouth, make you give it a lil brain

I ain't dealin with a full deck
My jokers is missin
I'm the reason niggas smokers is missin
Yea I listen to poppa
Did what he said
Now a nigga buzzin like "he said, she said"
Give my maino shit
If I ain't tell niggas where I'm from then ya'll ain't no shit
Cause I'm harlem fresh
BK my second home
But a nigga so Rock like the Flinstones
Pop like the fish on, hot ass flames
Streets wonder where I get them hot ass names
Like, Gorgeus Gangsta, Seymour Cake
Basically I make em up to just see more hate
Bait, hook, line, and sinker
Mines all hook cause I got on line for that brown like? Sinka?
I'm a hustler I move blocks like jenga
Like yours soft, I won't mines in them fingers
Wait, I'm relapsin
Ya heard it all before
This the Reasonable Doubt re-enactment
Like 96 when dude stepped on the scene
Reppin the same as me, 'cept he was'nt from Queens
Niggas princesses, no suns in Queens
Once Nas retire, I'll rightfully be king
Cause I'm the only one poppin local
You can't count the unit
Them niggas is bi-coastal

(Oh no he didn't)
Yes I did

(Oh no he didn't)

Yes I did
