

## Never Did

Stacy Barthe

Did you think, about it first,  
Before you walked up to me  
Did you think, did you think  
That I was already thinking the same thing,  
Did you think, yeah?  
Did you think that I was the one on the side?  
Or did it dawn on you later that night...  
As I lay restless waiting on my phone to ring.  
Never did ring, never did ring, never did ring, no, no!  
Could you feel my body erupting from the thought of  
How good you feel?  
Never felt ya, nothing physical yet, I'm taken back by your presence,  
I could only imagine, I could only imagine what it would be  
What it would be like if we were to lie naked.  
Naked waiting on my phone to ring!  
Never did ring, never did ring, never did ring, no, no!
