

Without You

Stacy Barthe

Hey, uh, call me back
I didn't mean how I came after the other night
I just I had a lot to drink. And
I wasn't thinking, I miss you, call me back!

I've never known a love so strong,
You've got my heart hemmed up in the palm of your hands.
Hands up oh, surrender!
Never have to wonder boy,
I'm wherever you are
You are, you are!
And I can sleep without you, Tossing and turning
Turning and tossing, exhausted,
Wondering where you could be,
If not with me!

You're as necessary as the air I breathe, I breathe, I breathe, I breathe
I need you!
You're like a vital organ, I can't live without you, without you, without you
u.
I need you!
Hnnnnnnnn...

I was born alone,
But I don't wanna die alone
It'd be a lonely life to live
If it was just me
And all of this, no one to share it with
I give anything for a family and an apple tree
A four door, car seat up in the rear
Baby on board, baby on board
As I look forward,
To all of these things coming into fruition
But you're young... So young

You're as necessary as the air I breathe, I breathe, I breathe, I breathe
I need you!
You're like a vital organ I can't live without you, without you, without you
I need you! (I need you!)
Hnnnnnnnn...
You are as necessary as the air I breath, I breath, I breath, I breath
I need you!
You're like a vital organ, I can't live without you, without you, without you
u. (without you, without you)
I need you!
Hnnnnnnnnnn...

Damn, I can't believe it!
No, no, heck no!
Can't believe it!
Baby I loved I did, oh, I did
Oh I did!
Keep a pair of your panties under my pillow case
Damn, Baby that's real
But you didn't want me til I was gone,
Long gone
No, you didn't like this,

You didn't like it 'till I was gone long gone,
Now I moved on, and you're in your fucking glory all alone

You are as necessary as the air I breathe, I breathe, I breathe, I breathe
I need you! (I know, I know)
You're like a vital organ
I can't live without you, without you, without you (without you, without you
)
I need you! (Baby the love won't die!)
Said I won't live without you, live without you, live without you live witho
ut you
Live without you,
I can't, no! (Try to lie but I won't! Try to lie but I won't!)
I need you!
You're like a vital organ I can't live without you, without you, without you
,
I need you!
I need you!
