

Baby I Love You

Stacy Lattisaw

Baby, I love you
I love you
Ooh!

Yes it's true
'Cause baby I love you, ooh
Yes it's true
'Cause baby I love you

Someone please rescue me
Sometimes I think that no one cares
I spend all days alone
It's not that I don't want you there
Romance is haunting me
My inner senses leaves me weak
I feel deserted
That is the real thing you got to believe

Yes it's true, ooh
'Cause baby I love you
Yes it's true
'Cause baby I love you

Don't say I'm too young
All of my friends say I'm a fool
I know you care so much for me
I can't afford losing my cool
Tossing and turning
Tormented heart just lies awake
This is no teenage fantasy
It's how I feel, that's no mistake

Yes it's true, ooh
'Cause baby I love you
Yes it's true
'Cause baby I love you
Baby, baby, babe
Yes it's true
'Cause baby I love you
Only you, you, you
Yes it's true, ooh
'Cause baby I love you
Only you, you, you ooh

Ooh, ah, ooh
Uh, uh, mm
Ooh!

Don't say I'm too young
All of my friends say I'm a fool
I know you care so much for me
I can't afford losing my cool
Tossing and turning
Tormented heart just lies awake
This is no teenage fantasy
It's how I feel, that's no mistake

Yes it's true, ooh
'Cause baby I love you
Baby, baby, babe
Yes it's true, ooh
'Cause baby I love you
Only you, you
Yes it's true, ooh
'Cause baby I love you
I, I, I got to have you now
Yes it's true, hoo
'Cause baby I love you
Baby, baby, babe
Yes it's true, ooh
'Cause baby I love you
Only, only, only you
Yes it's true, ooh
'Cause baby I love you
Yes it's true, true, true
Yes it's true
