

That's The Reason Why I Love

Stacy Lattisaw

I was a fool to let you slip away from me
I was lost in another world
Years have gone by and I still can't seem to shake it
In the feeling I miss having you around

All I know is that I miss you
And I need your tender touch
Won't you take me back in your arms today?
I'll never let you go

This is the reason why I love you
We both have what it takes to make it last
This is the reason why I love you
If we believe that love can find a way
To bring us back together once again

There was a time when we shared each other's love
Such precious moments I miss having you around
I knew in my heart that you are the one for me
I often wonder how to make you see

All I know is that I miss you
And I need your tender touch
Won't you take me back in your arms today?
I'll never let you go

This is the reason why I love you
We both have what it takes to make it last
This is the reason why I love you, oh
If we believe that love can find a way
To bring us back together once again

I'll be the one you can turn to
You know I will be there
No matter what you say or do
I'll always will be there

This is the reason why I love you
We both have what it takes to make it last, oh yeah
This is the reason why I love you, oh
If we believe that love can find a way
To bring us back together once again
Ooh...
