

# You Ain't Leavin'

Stacy Lattisaw

I have enough all I can take  
There's too much talk  
About you walked away from me  
It's easy to see  
That we've heard enough feels like  
But I know that it ain't right  
For you to walk away from me

You ain't leavin'  
You ain't goin' nowhere, no way  
You ain't leavin'  
I don't care what you got to say  
Here is where you belong  
And where you're gonna stay  
You ain't leavin'  
Oh, no way

I really need to call you my friend  
Come lean on me  
And we will find a way to survive  
And keep this alive  
The battle would be won  
And you can stand strong  
As you'll be by my side

You ain't leavin'  
You ain't goin' nowhere, no way  
You ain't leavin'  
I don't care what you got to say  
Here is where you belong  
And where you're gonna stay  
Oh, you ain't leavin', no  
Oh, no way

Oh, you ain't leavin', no  
You ain't goin' nowhere, no way, hey  
Oh, you ain't leavin', no  
I don't care what you got to say  
Here is where you belong  
And where you're gonna stay  
No, you ain't leavin' me  
Oh, no way
