

Out Of Time

Staind

If I could rewrite the story without all the glory
Would you still see the ending?
Was something under the surface that serves me no purpose?
I need a break from the bending

Blinded by the madness
No point getting past it
Penance for my crimes
Don't want to fade off in the distance
Push me past the limits
Am I out of
Am I out of time?

I take it all as an omen, the pages feel broken
We still can change how it's written
Is it hopeless, too out of focus, to see through the past?

Blinded by the madness
No point getting past it
Penance for my crimes
Don't want to fade off in the distance
Push me past the limits
Am I out of
Am I out of time?

Is it hopeless, too out of focus, to see through the past

Blinded by the madness
No point getting past it
Penance for my crimes
Don't want to fade off in the distance
Push me past the limits
Am I out of
Am I out of time?

Blinded by the madness
No point getting past it
Penance for my crimes
Don't want to fade off in the distance
Push me past the limits
Am I out of
Am I out of time?
