

Take

Staind

This is it
Curtains are calling
And here I sit
To keep me from falling
It's time to get out
Cus this is the sound
Of me burning it all to the ground

Now this is it
No point installing this crucifix
While keep you from falling
You are casting your doubt
And I'm casting you out
As I burn it all down to the ground

Take all that's left
Save yourself
Take every breath
If it makes you forget
Makes you feel right
Whatever it is if it helps you sleep at night
Take all that's left

It's the least you could do
For all that you've done
You've hidden the truth
But it's too late to run
You fucked it all up
And there's no going back
And now your train is headed off the tracks

Take all that's left
Save yourself
Take every breath
If it makes you forget
Makes you feel right
Whatever it is if it helps you sleep at night
Take all that's left

Take all that's left
Save yourself
Take every breath
If it makes you forget
Makes you feel right
Whatever it is if it helps you sleep at night
Take all that's left

Take all that's left
Save yourself
Take all that's left
Save yourself
