

## Astaghfirullah

Stalley

Allahu akbar (All praise due)  
I'm a prophet who profit off of hot bars  
I push the laws to the limit because I got none  
Defeat the evil and darkness with the hot sun  
I'm everybody's top gun  
The numero uno, never pseudo, they tried to curse me like voodoo  
o  
But I'm blessed like Tutu (So blessed)  
Spiritual but I keep the tool too, Allah bless my soul  
Grant 'em knowledge and wisdom, they never test my goal  
I been managing anger but my tolerance been on low  
They say don't bottle problems and pride cause you probably just gon' blow  
And watch how you treat others, you reap what you sow  
But I speak with no code, everything blatantly spoke  
I'm out the mode of the truth tellers  
Get out of line, send your family to suit sellers  
Don't get over-zealous or too jealous  
Cause I chop more than a line when I send your head through the se propellers

It's the evil that men do  
I don't like you, I ain't trying to pretend to  
You ain't the homie, you ain't know who I'm kin to  
You ain't seen the struggle you don't know what I've been through  
It's middle fingers up when I pull up and bend through  
I used to ride the train, now I pull up in Benz coupe  
Most wouldn't survive through the life that I've been through  
A bunch of fake love from family and friends too

And they wonder why I'm always on my solo shit  
Introverted life, I never show 'em shit  
Built it on my own, I'm talking brick by brick  
They tried to break my confidence, I took lick after lick  
But all scars heal and all tears dry  
I just hope I leave imprints before I touch the sky  
If you run and tell my story make sure it's televised  
Cause this revolution in me, it will never die

It's the evil that men do  
I don't like you, I ain't trying to pretend to  
You ain't the homie, you ain't know who I'm kin to  
You ain't seen the struggle you don't know what I've been through  
It's middle fingers up when I pull up and bend through  
I used to ride the train, now I pull up in Benz coupe  
Most wouldn't survive through the life that I've been through

A bunch of fake love from family and friends too
