

Cleanse

Stalley

Yeah, yeah
Yeah, yeah (Haha)
Yeah, yeah
Yeah, yeah (Alright)
(Black Metaphor)

Three hundred hundreds in a rubber band (Rubber band)
My truck is sounding like a marching band (A marching band)
I'm rolling up another 30 grams (30 grams)
Mind unraveled, I time travel (Travel)
My time is bust down like it's been hit with gravel
Sittin' on the hands of a working man (Hard workin')
Been hustlin' all these years, the days is startin' to blend
(Startin' to blend)
Start my day with a prayer, tryin' to remove the sin
Tryna battle these demons, sometimes I lose within (Remove 'em)
Asked God to remove my enemies, started losin' friends (Lost 'em)
I know that on the long path I was startin' a trend (Startin' a trend)
From the graveyard to a prison cell, I lost some men
(I lost some men)
Some good ones too (Oh yeah)
But I'ma hold them down like a good man do (Good man do)
I'ma give they kid some wisdom
Give them good-man food (Good-man food)
And set them up for wins, can't see no good man lose (Lose)

Start my day with a prayer, just to remove the sin
(Remove the sin, remove the sin)
Start my day with a prayer, just to remove the sin
(Remove the sin, remove the sin)
And kiss my babies and tell them that they was born to win
(Born to win, born to win)
I got some hurt on my soul I know that god can cleanse
(God can cleanse, God can cleanse)
All this evil got me up at night (Up at night)
Callin' on these angels need some help to fight (Help to fight)
Comin' out the dark, I can see the light (See the light)
My vision crystal clear, how I see my life (How I see my life)

A star fall from the sky, the devil we call him a lie (He a lie)
Don't ever hold on their pride, they'll be the heart of demise
I had to call on the lot, characters hide and disguise
Angels reside in the sky
They help me out of the fire
The faithful man never die
Can't save them all, but I'd be damned if I don't try
Put all the damage to the side
It's amazing how I managed to survive
I feel famished and deprived
Humbled so, but my standards is so high (So high)
I will stand at mountain high (High)
Tryna stretch and hug a cloud
Tryna squeeze the rain out
Hard to wash the pain out
I still drought through the cloudy forecast
Stayin' steadfast, avoiding setbacks
Backlash, and worldly deathtraps

Start my day with a prayer, just to remove the sin
(Remove the sin, remove the sin)

Start my day with a prayer, just to remove the sin
(Remove the sin, remove the sin)

Start my day with a prayer, just to remove the sin
(Remove the sin, remove the sin)

And kiss my babies and tell them that they was born to win
(Born to win, born to win)

I got some hurt on my soul, I know that god can cleanse
(God can cleanse, God can cleanse)

All this evil got me up at night (Up at night)

Callin' on these angels need some help to fight (Help to fight)

Comin' out the dark, I can see the light (See the light)

My crystal clear, how I see my life (How I see my life)
