Life, this shit is different
Everything is hidden behind some bullshit
Niggas ain't the same
Money ain't the same
The truth? Yeah, that shit ain't the same either
It ain't what you think it is
Like they say: Everything ain't always what it seems
Nowadays you gotta have a one of those...
What that shit called? Um, a backlight
You gotta have a backlight just to know what you dealing with
A backlight pull it yo back pocket, shine it on motherfuckers
Yeah that might work
