She wanna hop on the wave
I told her "Cheer from the sidelines"
She wanna live wild and dangerous
I told her "That is a fine line"
I can hear angels talking
I'm up in the skyline
I was down, now I'm well
I guess it's about time

I gotta flex Brock Lesnar
Got wing doors on the Tesla
Gold yard belt like a wrestler
Sayin' thanks to God, he blessed us
Sittin' in the trap I was restless
I have to get it together
Kill all that humble shit
I have to sit on whoever
When the rain came
I got the whip with umbrella
Therefore check cane
I took it straight to the tella
Trace me hattin', back brackets
Thanks got, my pants saggin'
G waggin', all four Gs whiter than the grand dragon

Draw on one when I step
Been hot but they slept
Woke up from their slumber
Got 'em out they comfort
Now they all on my wave
Life really all of my wave
Like get the hell out my way
Got no time for you wavesurfin' fake person
All your hoes fake an' got fake purses
And nothing I hate worse than fake purses
And fake trappers who poppy worship
