

## Purpose & Flow

Stalley

I would just say  
I would want people to care a little bit more about the culture  
You know what I mean  
I want people to take time and to really um  
But thought into the music that they're making  
And um, have a purpose behind it as well  
You know I think that uh  
I forget  
There's a quote, I don't even want to misquote it  
But it was something about like  
All art, it has a purpose  
Like its not art if it doesn't have a purpose  
You know what I'm saying  
Like we're not just doing something to not do it like when  
Somebody who draws a picture  
You want somebody to get some type of feeling or emotion from it  
You know, same with music  
So, that's what I really wanted to give back  
That would be really the only thing I wanted to change

If it ain't fully equipped, then I don't roll in it  
If it ain't high grade then I ain't rolling it  
Get a whip clean and it got hoes in it  
But you don't see 'em 'cause it be so tinted  
Hardly breathe in the air, all the smoke in it  
Truck beating niggas beats so engulfed in it  
Green rugs like a nigga playing golf in it  
Yeah, but the nine be the iron, for hatin' niggas eyein'  
Too many close friends dying  
From then envious watchers  
Just a sign of the times  
From these prettiest watches  
How a grown man sleep is how a grown man watches  
Sometimes I just post and let the city just watch us  
We used to them shots, we ain't hearing them choppers  
Sirens from coppers overhead  
Helicopters, the chase lives on  
We trying to make it right, they trying to give us wrong  
We trying to tell 'em my life  
Its bigger than songs  
Its bigger than hats  
Its bigger than beards  
Its bigger than sneakers  
Its bigger than gear  
And its bigger than double cups and switching up gears  
And I put that on my life they gon' hear me this year
