

Feelings

Stan Walker

First thing's first, I'm the realest
Yeah, I'm the show and the ticket
Yeah, I run the whole damn business, we up
And I ain't winning till the team winning, keep up
And I ain't finished till the whole thing finish (nah)
I aim to be the greatest, what LeBron say
Haters hate, happy days, what The Fonz say, ay
Love me too, appreciate your honesty
The champ does what he wants, no apologies

Don't pay attention, they be lying, lying
They can't stop me, but they trying, trying
So I remind them all the time (I'm all the way up
Nothing can stop me, I'm all the way)
They're always smiling when I meet 'em
I smile back when I greet 'em
Knowing full well that they don't really care
How I feel, oh I'm stuck in my feels

Don't care 'bout what you say
You don't even know me anyway
Lost in your own despair
Are you feeling what I'm feeling?

You got me stuck in my feels, whoa
You got me stuck in my feels, yeah
You got me stuck in my feels, whoa
You got me stuck in my feels, yeah

Going through the motions, now I'm feeling it (feeling it)
Don't know what to do, just gotta live with it (live with it)
I ain't even ask, but they put me on a pedestal
Like, "Homie think you're way too cool, do you?"
I'm just a human, same old me
But just a new man, they're looking at me
Knowing full well that they don't really care
How I feel, oh I'm stuck in my feels

Don't care 'bout what you say
You don't even know me anyway
Lost in your own despair
Are you feeling what I'm feeling?

You got me stuck in my feels, whoa
You got me stuck in my feels, yeah
You got me stuck in my feels, whoa
You got me stuck in my feels, yeah

Uh, can't match my energy
Two boys raised up in Tūhoe complimentary
More suits spreading to label me and the industry
Now lawsuits spreading to labels, I guess it's meant to be
Sheesh, I get more feels than ordeals
Failed culinary, you're cooking up all the raw deals
I'm from a place where we're used to sharing a small meal
So you ain't faze me uh, you stuck and dazin', uh

You got me stuck in my feels, whoa
You got me stuck in my feels, yeah
You got me stuck in my feels, whoa
You got me stuck in my feels, yeah
