

Give

Stan Walker

Woulda never, ever made it this far without ya
Woulda never made it through the night
But you shine so bright, yeah
Yeah

I was thinking 'bout yesterday
How it seems like miles away
I been hanging on the words you say
Even though you've gone away
I mean I nearly crossed the line
But tomorrow is another day, and
I still remember the words you said
You said

How you ever gonna change the world?
If you can't change yourself
How you ever gonna get the girl
If you won't be yourself
How you gonna love, how you gonna live
Don't you know you get back what you give, give

(Na-na, na-na
Na-na, na-na)

Well I've been wasting too much time, you see
'Cause what I wanted ain't always what I need
And I need something to get me by, well
I just remember the words you said, you said

How you ever gonna change the world
If you can't change yourself
How you ever gonna get the girl
If you won't be yourself
How you gonna love, how you gonna live
Don't you know you get back what you give, give

(Na-na, na-na
Na-na, na-na)

How you ever gonna change the world
If you can't change yourself
How you gonna get the girl
When you won't be yourself
How you gonna love, how you gonna live
Don't you know you get back what you give
Give, yeah

How you ever gonna change the world
If you can't change yourself
How you ever gonna get the girl
If you won't be yourself
How you gonna love, how you gonna live
Don't you know you get back what you give, give

Woulda never, ever made it this far without ya
Woulda never made it through the night
But you shine so bright
