

Remember Us

Stan Walker

Don't expect your forgiveness, you got nothing to say
Except ask me why I did this, why would I act this way?
When we had what we had, and I made you question it
And that makes me so sad

I wanna remember us how we was, how we touched, how we loved
I wanna forget how I messed it up, and you're moving on, and it's all because
I wanted more when I had it all
Mmh, take as long as you want, just promise me you gon'

Remember the way we used to say
There's nobody else for you but me
Sometimes I wish it never changed
Remember us the way we was
Remember the way we used to fight
Only one thing could make it right
Making it up to you all night
Remember us the way we was

You know this city feels strange now, not steady, earthquake
My mistakes put us in a hard place
I know we living on a fault line, you can have the east
I'ma take the west side
It's cool to have no regrets, but I got 'em
I done this type of shit before and that's the problem
It's because I'm insecure and any kinda validation
Makes me move on temptation

I wanna remember us how we was, how we touched, how we loved
I wanna forget how I messed it up, and you're moving on, and it's all because
I wanted more when I had it all, ooh yeah
Take as long as you want, just promise me you gon'

Remember the way we used to say
There's nobody else for you but me
Sometimes I wish it never changed
Remember us the way we was
Remember the way we used to fight
Only one thing could make it right
Making it up to you all night
Remember us the way we was

Oh baby, you won't even talk to me
Look at what I've done to us, to us, yeah
Ooh, it had nothing to do with you, it's because I didn't love myself
I know you don't care but I want you to remember us

Remember the way we used to say
There's nobody else for you but me
Sometimes I wish it never changed
Remember us the way we was
Remember the way we used to fight
Only one thing could make it right
Making it up to you all night (take as long as you want)
Remember us the way we was (just promise me you're gon')

Remember the way we
Remember, remember, remember us
Remember
The way we was
Way we was, ooh baby
Remember us
You take me, the way we was

Remember us the way we was
Remember us
Take as long as you want, just promise me you're gon'
Remember us the way we was
Remember us, ooh yeah yeah
