

We made love on the 405
With the car in drive
Yeah

We made love in a dressing room
Before I bought you new shoes

We made love at your birthday party
You were all up on me

We made love
We made love
We made love in all the right places

We made love
We made love
We made love in all the right

We could do it anywhere
We could do it anywhere
You look good everywhere

Cause we make love
We make love
We make love in all the right places

We make love
We make love
We make love in all the right places

Never been to the pyramids
But let's take a trip
Yeah

We should go to the Eiffel Tower
Treat it like it's ours

Take a trip girl
Across the sea
It's just you and me
Yeah

And we'll make love
We'll make love
We'll make love in all the right places

We'll make love
We'll make love
We'll make love in all the right

We could do it anywhere
We could do it anywhere
You look good everywhere

Cause we make love
We make love
We make love in all the right places

We make love
We make love
We make love in all the right places

We could do it anywhere

Anywhere

We could do it anywhere
We could do it anywhere
Yeah

In all in all in all in all in all in all the right places
In all in all in all in all in all the right places

(We make love)
(We make love)
(We make love)
(In the right places)

(We make love)
(We make love)
(We make love)
(In the right places)
