

Clock's Tickin

Stanaj

Not my type
I might have to leave her
Uber right
On my way to see ya
I know it's late to text you
Just need to be next to you
When you're a bad bitch girl you only do what you like
Trying to catch you in the city but you always on flights
Girl you know what I like
Ooh you know what I like

Love it when she goes down
Down on her knees no vowel
All that I see goes wild
Give it to me
Secret's out
All that I need is now
In front of me, oh wow
Oh wow

Girl you know the clock is tickin
Since you've been away
I've been counting every minute
Need you around
And round and round and round and round, yeah

Girl you know the clock is tickin
Since you've been away
I've been counting every minute
Need you around
And round and round and round and round, oh yeah

Changin' my life
Made it look so sexy
Countless nights
Lost but now I see ya
When you on top girl you amaze me
Loving ain't the same

Love it when she goes down
Down on her knees no vowel
All that I see goes wild
Give it to me
Secret's out
All that I need is now
In front of me, oh wow
Oh wow

Girl you know the clock is tickin
Since you've been away
I've been counting every minute
Need you around
And round and round and round and round, yeah

Girl you know the clock is tickin
Since you've been away
I've been counting every minute

Need you around

And round and round and round and round, oh yeah
