

# Worst Best Day

Stanaj

Spilt Polynesian on my off whites  
And my sandwich doesn't taste right  
I forgot to get gas  
And now there's no chance  
That I'ma be on time  
Bird shit on my window  
What the fuck just got it cleaned tho  
Crazy traffic on the 10  
My stomachs giving in  
Shit I gotta go go

Just when the day  
Can't get any worse  
I hit my elbow and damn that shit hurt  
Cant find my phone  
Left it at home

Elevators broken  
So I took the stairs  
Opened the door  
And like that you were there  
And in one second  
I waked into heaven

Its been the worst best day ever  
Its been the worst best day ever  
And even though it didn't go my way  
Just meeting you made it ok  
Its been the worst best day ever

We walked in the cafe  
Of course they messed your frappe  
But I see you don't mind  
And maybe it's time  
I started living that way

Never felt this high when I met someone  
You just made rock bottom so much fun  
I'm liking this one on one

I thought my day  
Couldn't get any worse  
You such a good thing  
Today that's a first  
A smile so infectious  
Wanna see it for breakfast

Its been the worst best day ever  
Its been the worst best day ever  
And even though it didn't go my way  
Just meeting you made it ok  
Its been the worst best day ever

You got me seeing things so clearly, baby  
All I needed was you  
That's why

Its been the worst best day ever  
Its been the worst best day ever  
And even though it didn't go my way  
Just meeting you made it ok  
Its been the worst best day ever
