

Throw the weight on my back
Keep away, sell my name
Because I'm choking

Adding wolves to the pack
Burn me out, sell my pain
Forcing me open (Woo!)
And I know what I lack, my own hands pull me down
And it's more than you can (You can)
(Sick of holding out, fighting on my own)
Digging holes in the earth, see yourself as a worm
And I know you hate that (Hate that, hate that)

Dosed in oxytocin, hope it fucking overflows
Hesitate in aspirations, I'd rather lose than die alone
And I cut my teeth on apathy
Taking bones from the grave
Doing what you want

Take me closer to the sun
You can cut off both my arms
(Cause you do what you want)
(Do what you want, yeah)
Just hang me from your silver tongue
(Cause you do what you want)
(Do what you want, yeah)

All your words, heavy weight, they attack everything
Are you taking me down?
(Are you taking me, are you taking me down?)
I'm not proud of myself anymore
And I think I wanna, wanna cut, cut, cut, cut my brain out (Brain out)

Dosed in oxytocin, hope it fucking overflows
Hesitate in aspirations, I'd rather lose than die alone
You're still here, but I resist to stay
Taking bones from the grave
Doing what you want

Take me closer to the sun
You can cut off both my arms
(Cause you do what you want)
(Do what you want, yeah)
Just hang me from your silver tongue
(Cause you do what you want)
(Do what you want, yeah)

Whoa-oh-oh
Whoa-oh-oh
Whoa-oh-oh
(Cause you do what you want)
(Do what you want, yeah)

Take me closer to the sun
You can cut off both my arms
(Cause you do what you want)
(Do what you want, yeah)

Just hang me from your silver tongue
('Cause you do what you want)
(Do what you want, yeah)
Take me (Whoa-oh-oh) closer to the sun (Whoa-oh-oh)
You can cut off both my arms (Whoa-oh-oh)
('Cause you do what you want)
(Do what you want, yeah)
Just hang me from (Whoa-oh-oh) your silver tongue (Whoa-oh-oh)
(Whoa-oh-oh)
('Cause you do what you want)
(Do what you want, yeah)

Throw the weight on my back
Keep away, sell my name
Because I'm choking
