

# FREAKIN' OUT

Stand Atlantic

Front-row seat to my breakdown  
Nothing ever feels like it should now  
Exorcist at a comedown  
I just want to unleash  
I'll let myself out

I don't need no confession  
For this sick obsession  
I need help

I'm up all night, it's a paradise  
I'm freakin' out  
Feed me a line, like a parasite  
I'm freakin' out  
I'm freakin', I'm freakin', I'm freakin' out

What a scum I've become, bitter gums and a crooked little  
Bite my tongue  
Face to face with a meltdown  
You can probably see that I'm hell-bound

I don't need no confession  
For this sick obsession  
'Cause I'll condemn myself

I'm up all night, it's a paradise  
I'm freakin' out  
Feed me a line, like a parasite  
I'm freakin' out  
I'm freakin', I'm freakin', I'm freakin' out

I'm up all night, it's a paradise  
I'm freakin' out  
Eat me alive, like a parasite  
I'm freakin' out  
I'm freakin', I'm freakin', I'm freakin' out

I'm freakin' out  
I'm freakin' out  
I'm freakin', I'm freakin', I'm freakin' out
