

## NOSE BLEED

Stand Atlantic

I'd rather be lonely and hate myself  
Than someone you think about  
I got a nosebleed, if you want me dead  
Twist the knife while you watch me bleed out

Get mad on Monday  
Don't talk on Tuesday  
Then wake up Wednesday  
Throw-up Thursday  
Fuck on Friday  
And now I'm brain-dead  
Rinsed and defeated  
Numb to the bleedin'  
Sugar-coated huntin' season  
Ay

So this is what you get  
For messin' with my head  
Don't wanna end up dead (Dead)  
Six feet in the ground  
So this is what you get  
(This is what you get)

I'd rather be lonely and hate myself  
Than someone you think about  
I got a nosebleed, if you want me dead  
Twist the knife while you watch me bleed out  
I don't wanna be someone you think about  
I got a nosebleed, if you want me dead  
Twist the knife while you watch me bleed out

Manic on Monday  
You take me down on Tuesday  
I'm wired Wednesday through to Thursday  
Same old Friday  
Girl you got me faded, I can still see red  
'Cause I'm in pieces, barely breathin' by the weekend (By the weekend)

So this is what you get (Get, get, get)  
For messing with my head  
Don't wanna end up dead (Don't wanna end up dead)  
Six feet in the ground  
This is what you get  
(This is what you get)

I'd rather be lonely and hate myself  
Than someone you think about  
I got a nosebleed, if you want me dead  
Twist the knife while you watch me bleed out  
I don't wanna be someone you think about  
I got a nosebleed, if you want me dead  
Twist the knife while you watch me bleed out

So this is what I get  
I let you with my head  
Am I gonna end up dead?  
Six feet in the ground

So this is what I get  
(This is what I get)

I'd rather be lonely and hate myself  
Than someone you think about  
I got a nosebleed, if you want me dead  
Twist the knife while you watch me bleed out  
I don't wanna be someone you think about (Woah)  
I got a nosebleed, if you want me dead  
Twist the knife while you watch me bleed out  
Twist the knife while you watch me bleed out (Out)
