

SEX ON THE BEACH

Stand Atlantic

(Sex on the beach)

Tie me to the train track
Kerosene, light a match
I don't wanna know why ur kissin' my ass (Mwah!)
Everybody out here tryna be famous
Couldn't give a fuck what your name is, shameless
Only wanna leave with the ones that I came with
With the ones that I came with

These under city creatures
Candy on their claws
Love you 'til they don't
Just leave me alone
I came all the way down here
To talk to myself
Don't talk anymore
I've heard it before

Can I get a
Sex on the beach?
Sippin' suicide
I wanna kill ya vibe
Hell yeah
Can I get a
Hell yeah?
Can't read the room
Just to save my life
Next time I'll stay inside
Hell yeah
Can I get a
Hell yeah?

Maybe I'm a scrap heap, got a little envy
How you actin' proud with that foot in your mouth?
Venom drippin' onto my tongue off the guestlist
Wonder why I even wanna taste it, hate this
It's like I wore a bee suit, dyin' in the snakepit
Dyin' in the snakepit

These under city creatures
Candy on their claws
Love you 'til they don't
Just leave me alone
I came all the way down here
To talk to myself
Don't talk anymore
I've heard it before

Can I get a
Sex on the beach?
Sippin' suicide
I wanna kill ya vibe
Hell yeah
Can I get a
Hell yeah?
Can't read the room

Just to save my life
Next time I'll stay inside
Hell yeah
Can I get a
Hell yeah?
