

## Keep Cool Again

### Stand High Patrol

We keep cool again  
We keep calm again  
But trust me yes we are boiling  
We keep cool again  
We keep calm again  
But trust me yes we are boiling

Cool, when the cops went mad  
We kept Cool, when we lost our job  
We kept cool, when we had to work more  
We kept cool, we kept cool

No no no, we won't stay calm forever, oh hear me now  
No no no, we won't accept it any longer, remember that

We keep cool again  
We keep calm again  
But trust me yes we are boiling  
We keep cool again  
We keep calm again  
But trust me yes we are boiling

We keep cool again, ahah  
We keep cool again

We won't forget pushes and shots while we were quiet and calm  
We won't forget, intimidations and lies  
We won't accept it any longer, no no no  
You beat us but we'll come back stronger

Cool, when the cops went mad  
We kept cool, when we had to work more  
We kept Cool, when we lost our job  
We kept cool, we kept cool

We keep cool again  
We keep calm again  
But trust me yes we are boiling  
We keep cool again  
We keep calm again  
But trust me yes we are boiling

We keep cool again, ahah  
We keep cool again
