Routine

Ra-pap
Ra-pap-pa-pa-paye

Routine every day, it's depressing
Routine everywhere, day after day

Today, I get out of bed on the wrong side
I have to go to work, it's dark
I feel like a machine
Frustration is growing
I would like to stop that but I can't

I've to pay the rent
I've to pay the food
I can't even sleep at night

Routine every day, it's depressing
Routine everywhere, day after day
Routine every day, it's depressing
Routine everywhere, day after day

It's raining for two months
Bills are piling up on the table
The boiler is broken
And I am freezing

Routine every day, it's depressing
Routine everywhere, day after day
Routine every day, it's depressing
Routine everywhere, day after day

We're gonna hit rock bottom
We're gonna hit rock bottom
We're gonna hit rock bottom
We're gonna hit rock bottom

Routine, routine
Routine, routine
