

Same Justice

Stand High Patrol

They steal the money from every one
They don't go to jail like anyone
They decide we earn less we work more
We don't want that anymore

I'm asking for same justice for all
Same justice for all
Same justice for all

He pulls strings for his favorite son
Fictional work for his mom
They taking us for fools
They don't have the same rules

I'm asking for same justice for all
Same justice for all
Same justice for all
