

# Bittersweet

Stanfour

Toss 'n turn  
With no lesson learned  
When these tears still fall  
To hear my lovers call

Bloom 'n fade into gold and jade  
Where I hold it so high  
They say real love never dies

And oh there's no such thing as over  
My naked heart beats for her  
Bittersweet and true  
(Does she feel it too)  
Oh no farewells we'll wait and see  
Surely we where meant to be  
Bittersweet and true

Oh oh ohoh  
Oh oh ohoh  
Oh oh ohoh  
Bittersweet and true

Time 'n place  
Are the pain and grace  
When two hearts collide  
You were lost inside

Passion burned  
With a fear that turned  
Possibilities cold  
Jealous lover  
Fate's yet untold

Oh there's no such thing as over  
My naked heart beats for her  
Bittersweet and true  
(Does she feel it too)  
Oh no farewells we'll wait and see  
Fallen stars are meant to be  
Bittersweet and true

Oh oh ohoh  
Oh oh ohoh  
Oh oh ohoh  
Bittersweet and true

Oh oh ohoh  
Oh oh ohoh  
Oh oh ohoh  
Bittersweet and true

It's not, it's not over  
It's not, it's not over  
It's not, it's not over  
It's not, it's not over

Bittersweet and true

Bittersweet and true ohoh  
Bittersweet and true ohoh
